

## People Here and There

Three brothers Hanley will be spectators at the Thanksgiving day football game here this afternoon, while a fourth is playing with Washington state college at Lincoln, Nebraska, against the Nebraska eleven. Roy Hanley, veteran W. S. C. end, arrived here this morning from Pullman to visit his brothers, Dick and Myron. Dick Hanley will lead his proteges in to the fray this afternoon, while Myron Hanley will play his regular position as quarterback.

Carl Lottell, formerly a football luminary at Oregon Agricultural College, and now coach of the La Grande football team, has one veteran from last year's team with him. The visiting coach found a new generation had moved into high school there this year and his work was cut out for him. The coach and 18 players came over last

night on No. 23 and will return to La Grande on No. 18.

### CIRCUS WILL BE GIVEN TO SWELL LUNCH FUND

(East Oregonian Special.)  
UMAPINE, Nov. 25.—On December 3, in the evening, the students of the high school and others of the community will stage at the hall a circus known as the Heck and Beck Circus. The proceeds of the evening are for the benefit of the hot school lunch which has been started successfully in the school here. So far, with the exception of the donation by the school board, everything has been donated. The lunch is served free of charge to every scholar. The circus will be given in both halls, the upper hall to be devoted to side shows and the lower hall for the ring circus. Unheard of animals in this community will be exhibited and regular clowns and performers will take part. Admission will be 50 cents with a nickel extra for the side shows.

The Vincent Zip, high school paper, made its initial appearance this week and was well gotten up. Hereafter an edition will be published every two weeks.

## THE FORDSON TRACTOR

Tractor farming has come to stay. The knowledge that the tractor is the speediest, most practical and economical power is common to nearly every one in the farming community.

The general trend now is from the big tractor to the smaller, and more economical, Ranchers everywhere are getting away from the big over haul jobs, the expensive parts and high priced operators.

The Fordson is the logical tractor. The tractor that fills the requirements of the smaller economical type.

It does not matter if you already own a caterpillar, you can use a Fordson to good advantage. Place it along side of any six to eight mule team. Keep track of the actual time that each are in the field working during the day. You will find the Fordson will get in an hour more actual work than the mules. You will also see that the Fordson is traveling twice as fast as the mules and that you are using an average of less than two gallons of COAL OIL to the acre.

The Fordson is no experiment. Over one-third of all the tractors in use in the United States are Fordsons.

Come in or call us up and we will be glad to demonstrate. Watch it do the work that you have to do every year. Watch the ease, economy and speed with which it does it. If you have any work to do this fall let us help you get it done and in doing this you will have the opportunity to see the Fordson in action. We know you will appreciate the saving in initial cost, in operation and upkeep. If you don't you owe us nothing.
